

TABLES
PRICE LIST

SHIPPING ZONES:

ZONE 1

Shipments made to Zone 1 are generally via company truck or contract carrier, blanket-wrapped. Freight charges are 10 percent of dealer net cost on orders exceeding \$1,000.00 net. Freight costs on orders totaling less than \$1,000.00 net are billed as incurred and will vary with location, weight and volume. The minimum freight charge on these smaller orders is \$60.00 per delivery; on occasion costs may exceed \$100.00 per delivery. Zone 1 dealers desiring shipment to other zones should consult the factory for possible packaging charges.

ZONE 2 AND 3

Shipments made to dealers in Zone 2 and 3 may be via either contract carrier or common carrier. Wherever possible we prefer to consolidate orders for blanket-wrapped shipment via contract carrier. Cost for these blanket-wrapped movements generally average 10 to 12 percent of net order value on orders of \$2,000.00 to \$25,000.00 net, depending upon delivery location and order volume. In the case of orders exceeding \$25,000.00 net, consult the factory for a specific freight quote. Orders under \$2,000.00 net and those going to more remote locations within Zones 2 and 3 may be shipped via common carrier freight charges billed directly by the carrier, either COLLECT or THIRD PARTY BILLING.

ZONE 4

Shipments to Zone 4 are generally via common carrier F.O.B. factory, Belleville, Michigan, and are billed directly by the carrier, either COLLECT or THIRD PARTY BILLING.

TERMS AND CONDITIONS:

- ORDER INFORMATION** All orders are to be in writing to avoid errors and/or duplication. Orders are accepted subject only to the terms and conditions listed hereunder. It is expressly understood that variation from these terms and conditions shall only pertain on a per order basis when agreed to in writing by an officer of HLF Furniture, Incorporated. In placing an order, customer unconditionally agrees that terms and conditions listed hereunder shall supercede any and all terms or conditions listed on the customer's purchase order.
- PHONE ORDERS** Phone orders must be followed by written confirmation via mail or FAX transmission. It is the customer's responsibility to clearly indicate confirmation to avoid duplication.
- ACKNOWLEDGMENT** It is our policy to acknowledge all orders in writing. The Acknowledgment will reflect as completely as possible our understanding of the order and will indicate the correct net pricing and approximate ship date. It remains the customer's responsibility to check the Acknowledgment for accuracy and to promptly report any errors or discrepancies.
- DATE OF DELIVERY** It is our firm intention to comply with requested delivery dates insofar as is reasonably possible; however, it should be recognized that the date of shipment listed on our Acknowledgment is an estimate only and not an essential term of agreement. Delays in shipment of an order do not constitute a valid reason for cancellation nor shall HLF be liable for any expenses arising from any delay in delivery or failure to make delivery due to unavailability of raw materials, labor, or supplies or any factor beyond our reasonable control which might hinder or impede the manufacture or delivery of all or part of any order accepted.
- CANCELLATIONS/CHANGES** Orders may be cancelled or changed at any time prior to commencement of production. The customer will be responsible for any costs incurred up to the point of cancellation and for the cost of any changes. A minimum cancellation fee of the greater of \$50.00 or two percent of order value will be incurred on any cancelled orders. No cancellations or changes will be accepted after production has commenced.
- PRICES** All prices are F.O.B. factory, Belleville, Michigan. All prices are subject to change without notice. Orders are accepted at the price in effect as of the date of receipt of order at the factory.
- TERMS** Terms on price list items are 1% 10 days/net 30 days for customers on open account. Open account is only granted upon approval of a completed HLF Credit Application by our credit department. A 50% deposit or Pro Forma payment may be required prior to processing an initial order. A 50% deposit may be required on custom items regardless of credit status. No orders will be processed for accounts having outstanding invoices more than 30 days past due. Credit terms are conditional upon satisfactory fulfillment of obligations. We reserve the right to revoke credit privileges at any time.
- RETURNED CHECKS** A returned check charge of \$35.00 will be incurred on any check returned unpaid for any reason.

SPECIFICATIONS Sizes, as listed, are nominal and may vary plus or minus ½" from list. Where product construction and material specifications are listed in this price list, they represent materials and methods in use at the time this list was printed. HLF unconditionally reserves the right to change materials and construction methods without notice as part of our continuing efforts to improve products and techniques. HLF does not manufacture plastic laminates. Specifications for plastic laminate should be obtained directly from the appropriate laminate manufacturers.

RETURNS/RESTOCKING No returns will be accepted without the prior written consent of the factory. As all goods are manufactured to order, there is no provision offered for restocking merchandise upon payment of a restocking charge.

WARRANTY Products are warranted to be free of manufacturing defects — cracks, chips, glue failure, and major scratches. Cracks, chips, and major scratches will be repaired or replaced at no cost only if reported within 48 hours of delivery. Glue failure within five years of delivery will be corrected at no cost to the customer. As gloss, semi-gloss, and dark solid color laminates are subject to minor scratches in any of several production and handling stages, both prior to and during our use of them, we are unable to warrant these finishes completely free of scratches and we suggest they be used discretely. Plastic laminate products, like fine wood products, are subject to environmental conditions. In particular, sustained relative humidity lower than 60 percent may result in cracking of laminate and bowing of doors, prolonged exposure to direct sunlight may reactivate glues and cause delamination, and absorption of standing water may cause substrate swelling. We are unable to accept responsibility for damages resulting from these environmental conditions.

HLF Furniture's sole obligation and customer's remedy under this warranty shall extend to the repair or replacement, at our option, of products which prove defective during the warranty period under normal usage for the purpose intended. Misuse, alteration, negligence, abuse or damage by accident shall negate this warranty. There are no implied warranties of merchantability or fitness for a particular purpose made by HLF in connection with the sale or use of any item. The warranty provisions listed above are expressly in lieu of any other warranties, express or implied by fact or by statute, and all other remedies for damages arising from the sale or use of any item of furniture.

BACKCHARGES Charges incurred by the customer in expediting shipments or for the repair of goods will not be accepted by the company. Any back charges must be approved in advance in writing by HLF Furniture, Inc., via an HLF Credit Memo. We reserve the right to return goods to the factory for warranty repair rather than incur field service costs and shall be liable only for costs between the factory and the destination to which the goods were first delivered as indicated on our Shipper or Bill of Lading.

DROP SHIPMENT Customers desiring drop shipment may arrange for merchandise to be delivered to a local transfer agent capable of delivery to the end-user. Zone 1 customers desiring shipment to a destination other than their own immediate geographic area should consult the factory for possible crating or cartoning charges.

- PACKAGING/CRATING** Shipments made to Zone 1 are generally shipped blanket-wrapped. Shipments made to Zone 2 may be either blanket-wrapped or packaged depending on order size, geographic location, and other cost considerations. Refer to the inside front cover of this list for Zone definitions and further shipping information for your area. All shipments are F.O.B. factory, Belleville, Michigan. Minimum freight charges for Zone 1 are \$50.00 per delivery.
- CLAIMS** Claims for any damage must be filed promptly with the carrier. In case of damage, any packaging materials should be retained until the goods are inspected. We cannot be responsible for merchandise once a carrier has received and signed for merchandise in good condition.
- STORAGE/DELAYS** When shipment is delayed by the customer, we reserve the right to place the goods in storage at the customer's risk and expense. Terms shall commence upon notification of the customer that goods are ready for pick-up or delivery.
- FINISHES** Prices in this list refer to Standard HLF Laminate Finishes as they may from time to time be designated. Refer to the finish selector chart in this price list for upcharges associated with non-standard finishes.

FINISHES:

PLASTIC LAMINATES

All prices in this list are based on matte finish solid colors or woodgrains from the four major laminate producers—Formica, Nevamar, Pionite, and Wilsonart, as well as standard HLF finishes.

Finishes listed on our Palette '95 Swatch Card are stocked at the factory and will expedite leadtimes. A listing of these finishes appears on page 6.

For finishes other than those noted above, refer to the following Finish Selector Chart for appropriate upcharge. If you are uncertain about whether a particular finish or pattern would involve an upcharge, please consult the factory. We will not be able to assume responsibility for pricing errors due to finish specification errors.

LAMINATE BRAND AND FINISH	UPCHARGE
HLF Standard Finishes	As listed
Pionite Matte Solids and Woodgrains	As listed
Pionite Gloss	+10%
Pionite other than listed above	Consult Factory
Wilsonart Matte Solids and Woodgrains	As listed

LAMINATE SAMPLES / SPECIFICATIONS

Sample chains, oversize samples and specifications are available directly from the principal laminate manufacturers. Each maintains a toll-free number to access their sample program and samples are generally shipped within 24 hours of request. Numbers for these companies are as follows:

Formica	1-(800)-FORMICA
Nevamar	1-(800)-638-4380
Pionite	1-(800)-PIONITE
Wilsonart	1-(800)-433-3222

STANDARD FINISHES

AS OF JUNE 1, 1996, THE FOLLOWING STANDARD LAMINATES ARE AVAILABLE:

H-21 White	H-62 Port	H-81 Grey Speck
H-23 Antique White	H-63 Burgundy	H-82 Mouse Mix
H-30 Pumice	H-64 Birch Mix	H-83 Charcoal Mix
H-32 Light Blue	H-65 Teal Mix	H-84 Charcoal Dust
H-33 Platinum	H-66 Navy Mix	H-85 White Mix
H-38 Fog	H-67 Sand Mix	H-86 Grey Mix
H-41 Moss Green	H-68 Charcoal Essence	H-87 Grey Dust
H-43 Dutch Blue	H-70 Maple	H-89 Beige Dust
H-45 Birch	H-71 Light Oak	H-90 Firedust
H-48 Pepperdust	H-72 Pear	H-92 Green Mix
H-50 Juniper	H-73 Medium Oak	H-96 Oxide
H-53 English Ivy	H-74 Mahogany	H-99 Black Vortex
H-54 Anthra Green	H-76 Cherry	
H-55 Black	H-80 Blue Grey Mix	

In addition to our standard finishes, we are able to source and use virtually any other laminate finish available. In order to determine appropriate price adjustments associated with non-standard finishes, refer to the Finish Selector Chart on page 5.

QUICKSHIP

HLF Furniture offers the most extensive QuickShip program in laminate office furniture. Many conference and seminar tables as well as our entire range of a la carte self edge conference and seminar tops are available in ten working days in any of our eight Quick Ship colors.

H-21 White	H-71 Light Oak
H-38 Fog	H-73 Medium Oak
H-45 Birch	H-82 Mouse Mix
H-55 Black	H-83 Charcoal Mix

QuickShip products are designated throughout the price list. When placing an order for QuickShip delivery, be certain that you clearly indicate QUICKSHIP to ensure that it is properly entered.

CLEANING INSTRUCTIONS

Plastic laminate is a durable, serviceable surface that with minimal care will provide many years of worry-free use. Everyday cleaning requires no more than a soft wipe with a damp sponge. Should dirt build up wash the surface with mild dishwashing liquid or powdered detergent and warm water and a soft cotton cloth; rinse with warm water and dry with a soft cloth. If this should fail to dislodge the build-up use an all-purpose cleaner or bathroom cleaner (being careful to follow the manufacturer's instructions), rinse with warm water and dry with a soft cloth.

FABRIC

Products which are clad in fabrics are priced to incorporate standard selections in Guilford FR-701 Series, Pattern 2100. Fabric samples may be obtained by contacting Guilford. 1-(800)-544-0200.

HARDWOOD EDGES

WOOD SPECIES

Standard pricing is based on red oak, mahogany and maple hardwood edges. Other species may be available on a special order basis. Consult factory for availability and leadtimes for non-standard species.

STAINS

Standard finishes include Light Oak (OAK-71), Medium Oak (OAK-73) and Ebony (OAK-55) on red oak; Mahogany (MAH-74) and Walnut (MAH-77) on Mahogany; and Maple (MPL-70) and Cherry (MPL-76) on Maple.

Other than Walnut (MAH-77), these finishes are formulated to match our standard laminates of the same description; refer to Palette '95 swatch card for representative samples. Our Walnut finish (MAH-77) matches Formica 492 Gunstock Walnut.

CUSTOM FINISHES/STAINS

To match a finish other than our standards, please submit a sample of the desired color and add \$100 net matching charge to your cost.

VARIATIONS IN COLOR AND TEXTURE

As wood is a natural product, it should be recognized that variations in color and texture may exist within and between pieces.

T-MOULD EDGES (200 SERIES)

Sixteen colors of T-mould edge are available as a standard as the 200 Series edge. Additional colors are available on quantity orders. Consult the factory for price and availability if non-standard T-mould edges are required. Standard T-mould colors with their closest laminate match are as follows:

NUMBER	COLOR	CLOSEST LAMINATE MATCH
T-01	White	Pionite SW806-S Carnation White
T-02	Black	Pionite SE101-S Black
T-03	Light Beige	Wilsonart D439-60 Wallaby
T-04	Folkstone	Pionite SG241-S Folkstone Grey
T-05	Grey	Wilsonart 1500N-60 Grey
T-06	Almond	Wilsonart D30-60 Natural Almond
T-07	Fog	Formica 961-58 Fog
T-08	Shadow	Wilsonart D96-60 Shadow
T-09	Chocolate	Pionite ST637-S Chocolate
T-10	Graphite	Nevamar S-6-14T Black Pearl
T-11	Oxford Grey	Formica 837-58 Graphite
T-12	Slate	Pionite SG228-S Slate
T-13	Green	Formica 967-58 Hunter Green
T-14	Cordovan	Formica 875-58 Cordovan
T-15	Red	Formica 839-58 Stop Red
T-16	Blue	Formica 914-58 Marine Blue

3 MM FLAT PVC EDGES (300 SERIES)

Sixteen colors of 3MM flat PVC edge are available as a standard as the 300 Series edge. Additional colors are available on quantity orders. Consult the factory for price and availability if non-standard PVC edges are required. Standard PVC colors with their closest laminate match are as follows:

NUMBER	COLOR	CLOSEST LAMINATE MATCH
P-01	White	Pionite SW811-S White
P-02	Designer White	Pionite SW826-S Angel White
P-03	Frosty White	Pionite SW806-S Carnation White
P-04	Black	Pionite SE101-S Black
P-05	Eggshell	Pionite SW803-S Eggshell White
P-06	Folkstone	Pionite SG241-S Folkstone Grey
P-07	Fashion Grey	Wilsonart D381-60 Fashion Grey
P-08	Almond	Pionite ST655-S Almond
P-09	Dove Grey	Wilsonart D92-60 Dove Grey
P-10	Fog	Formica 961-58 Fog
P-11	Mauve	Pionite SR518-S Powder Pink
P-12	Teal	Pionite SV712-S Blue Spruce
P-13	Hunter Green	Pionite SV704-S Boxwood
P-14	Wineberry	Wilsonart D15-60 Wineberry
P-15	Red	Pionite SR505-S Navajo Red
P-16	Blue	Pionite SB009-S Royal Blue

URETHANE EDGES FOR SPECIAL USE TABLES (80EA AND 80BN SERIES)

Forty-six colors of cast urethane edges are available as a standard in both the 80EA (Eased) and 80BN (Bullnose) profiles. Special colors are not available on this series in short runs of less than twenty tables.

Consult factory for price and availability of special colors.

Standard urethane colors with their closest laminate match are as follows:

NUMBER	COLOR	CLOSEST LAMINATE MATCH
U-01	Forsythia	Pionite SY913-S Forsythia
U-02	Yellow	Pionite SY914-S Primary Yellow
U-03	Saffron	Formica 7024-58 Saffron
U-04	Meringue	Wilsonart D392-60 Beachshell
U-05	Black	Wilsonart 1595-60 Black
U-06	Red	Formica 845-58 Spectrum Red
U-07	Wine	Formica 966-58 Burgundy
U-08	Cordovan	Formica 875-58 Cordovan

U-42	Beige	Pionite ST622-S Caramel
U-43	Concrete	Formica 437-58 Concrete
U-44	Toast	Wilsonart D50-60 Khaki Brown
U-45	Pebble	Wilsonart D337-58 Pebble
U-46	Rose Beige	Wilsonart D308-60 Ivory Rose

Individual urethane edge samples will be sent for approval upon request.

METAL BASE FINISHES

VICTOR, EMBASSY, ALTA, AND FINESSE SERIES

Metal bases for the Victor, Embassy, Alta, and Finesse Series of Conference Tables and Seminar Tables are available in chrome and six standard powder coat finishes. All seven of these finishes are standard on Metal Base Conference Tables. The six powder coat finishes are standard on Seminar Tables; chrome bases are available for Seminar Tables with a nominal upcharge.

In addition to the six standard powder coat colors, twenty-four custom colors are available at standard pricing on quantity orders of twenty or more tables. Consult factory for a listing of custom colors.

Standard powder coat finishes for Victor, Embassy, Alta, and Finesse Series bases are as follows:

NUMBER	FINISH	CLOSEST LAMINATE COLOR
CH-00	Chrome	Mirror Chrome
PC-81	White	Formica 459-58 Bright White
PC-82	Black	Pionite SE101-S Black
PC-83	Birch	Formica 921-58 Birch
PC-84	Folkstone	Pionite SG241-S Folkstone Grey
PC-85	Putty	Pionite SG209-S Putty Grey
PC-86	Platinum	Nevamar S-6-23T Platinum Grey

NEWPORT AND SCHOLAR SERIES

Eleven standard powder coat finishes are available on Newport Series conference tables and Scholar Series seminar and special use tables.

Newport Series legs also incorporate molded trim rings in any of the eleven colors, either matching or contrasting. On the Scholar Series the lower base is only available in a black wrinkle finish; the upper leg section may be specified in any of the eleven finishes.

Custom powder coat and trim ring colors are available on larger projects. Consult factory for quantity requirements, cost and availability.

Color references for Newport and Scholar Series bases are as follows:

NUMBER	FINISH	CLOSEST LAMINATE COLOR
PC-81	White	Formica 459-58 Bright White
PC-82	Black	Pionite SE101-S Black
PC-83	Birch	Formica 921-58 Birch
PC-84	Folkstone	Pionite SG241-S Folkstone Grey
PC-85	Putty	Pionite SG209-S Putty Grey
PC-87	Fog	Pionite SG213-S Opti Grey
PC-88	Graphite	Nevamar S-6-14T Black Pearl
PC-89	Charcoal	Nevamar S-6-33T Raven
PC-90	Burgundy	Wilsonart D369-60 Burgundy
PC-91	Red	Nevamar S-1-27T Liberty Red
PC-92	Blue	Formica 914-58 Marine Blue

ICON AND CRUCIBLE SERIES BASES

Icon Series metal bases are available in Polished Chrome (CH-00) finish only.

Crucible Series metal bases are available in Black Wrinkle finish only.

CONFERENCE TABLES:

GENERAL SERIES FEATURES

- All top surfaces are high-pressure plastic laminate over 1½" thick 45 lb. density industrial grade particle board.
- Edges as specified—self edge, solid hardwood, and vinyl t-mould edges are available.
- Laminate bases feature high pressure laminate over 45 lb. density industrial grade particle board.
- Unless otherwise specified, metal bases are chrome plated 14-gauge tubular steel; powder coated bases are also available—see page 11 for available standard colors.
- Consult *Conférence a la Carte* section for individual base specifications.
- Leveling glides included on all tables.
- All tops 120" or less in length are one piece unless otherwise specified.
- All tops more than 120" in length are two piece with joining hardware unless otherwise specified.
- All round tops exceeding 60" diameter are supplied in two pieces with joining hardware.
- All tables 29"h. Custom heights are available, consult factory.
- For in-between lengths use price of next largest size.

ORDERING INFORMATION

- When ordering, specify edge style with model number—e.g., RPNT 07236 (101) for a 72" x 36" rectangular table with a trestle base and 2¾" self edge top.
- Wood Profiles and Species:

#400—1¼" bullnose	Oak, Mahogany and Maple are standard
#401—2¾" bullnose	Other species—consult factory for availability and pricing
#500—1¼" traditional	Mahogany only
#600—¼" x 1¼" eased	Oak, Mahogany and Maple are standard
#601—¼" x 2¾" eased	Other species—consult factory for availability and pricing
#700—¾" x 1¼" eased	Oak, Mahogany and Maple are standard
#701—¾" x 2¾" eased	Other species—consult factory for availability and pricing

- Standard Finishes/Stains: Standard pricing includes Light Oak (OAK-71), Medium Oak (OAK-73) and Ebony (OAK-55) on Oak; Mahogany (MAH-74) and Walnut (MAH-77) on Mahogany; and Maple (MPL-70) and Cherry (MPL-76) on Maple. Other than Walnut (MAH-77), these finishes are formulated to match our standard laminate colors of the same description; refer to Palette '95 swatch card for representative samples. Our Walnut finish (MAH-77) matches Formica 492 Gunstock Walnut.
- Custom Finishes/Stains: To match a finish other than our standards, please submit a sample of the desired color and add \$100 net matching charge to your cost.
- Variations in color and texture: As wood is a natural material, it should be recognized that variations in color and texture may exist within and between pieces.

CONFERENCE TABLES

CONFERENCE A LA CARTE:

GENERAL SERIES FEATURES

- All top surfaces are high-pressure plastic laminate over 1½" thick 45 lb. density industrial grade particle board.
- Edges as specified—self edge, solid hardwood, and vinyl t-mould edges are available.
- Laminate bases feature high pressure laminate over 45 lb. density industrial grade particle board.
- Unless otherwise specified, metal bases are chrome plated 14-gauge tubular steel; powder coated bases are also available—consult factory for available colors.
- All tops 120" or less in length are one piece unless otherwise specified.
- All tops more than 120" in length are two piece with joining hardware unless otherwise specified.
- All round tops exceeding 60" diameter are supplied in two pieces with joining hardware.
- All tables 29"h. Custom heights are available, consult factory.
- For in-between lengths use price of next largest size.

ORDERING INFORMATION

- When ordering tops, specify edge style with model number—e.g., TRE 07236 (101) for a 72"x36" rectangular top with a 2¾" self edge.
- Wood Profiles and Species:

#400—1¼" bullnose	Oak, Mahogany and Maple are standard
#401—2¾" bullnose	Other species—consult factory for availability and pricing
#500—1¼" traditional	Mahogany only
#600—¼"x1¼" eased	Oak, Mahogany and Maple are standard
#601—¼"x2¾" eased	Other species—consult factory for availability and pricing
#700—¾"x1¼" eased	Oak, Mahogany and Maple are standard
#701—¾"x2¾" eased	Other species—consult factory for availability and pricing
- Standard Finishes/Stains: Standard pricing includes Light Oak (OAK-71), Medium Oak (OAK-73) and Ebony (OAK-55) on Oak; Mahogany (MAH-74) and Walnut (MAH-77) on Mahogany; and Maple (MPL-70) and Cherry (MPL-76) on Maple. Other than Walnut (MAH-77), these finishes are formulated to match our standard laminate colors of the same description; refer to Palette '95 swatch card for representative samples. Our Walnut finish (MAH-77) matches Formica 492 Gunstock Walnut.
- Custom Finishes/Stains: To match a finish other than our standards, please submit a sample of the desired color and add \$ net matching charge to your cost.
- Variations in color and texture: As wood is a natural material, it should be recognized that variations in color and texture may exist within and between pieces.

METAL TABLE BASES

Choose metal bases for your tops by selecting appropriate size and configuration from the chart below. Then find that size and configuration within the design series you prefer and specify the quantity required and the model number. "X-", "T-", and "TT-" base configurations may be found under the *Victor, Embassy, Alta, and Finesse Series* designations below. "CX-", "CR-", and "CT-" base configuration are found in the *Crucible Series* of cast iron bases.

VICTOR SERIES BASES

Specifications:

Base: 2" outer diameter, 14 gauge tube
 Column: 2" or 3" (see below), 14 gauge tube
 Top plate: Formed steel
 Glide: 1¼" round plastic
 Height: 27¾"

Finish: Plated (chrome) or powder coat (colors). Hand polished prior to plating or powder coating. Initial polishing with 240 grit (dry), followed by 320 (dry), 360 (dry), finished with 360 (wet oil). Chrome plating is nickel and chrome; 15 minute immersion in nickel followed by 2 minute immersion in chrome. Powder coat finish is electrostatic application of industrial/commercial grade epoxy.

CRUCIBLE SERIES BASES

Specifications:

Base: Heavy cast iron on CX and CT. Model CR-28 has cast iron disc.

Column: 3" or 4" (see below), 14 gauge tube

Top plate: Formed steel, except CX-36 which is cast iron

Glide: 1¼" round plastic

Height: 28½"

Finish: Powder coat. Thermoset industrial grade epoxy.

CX-22	3"	19	CX22
CX-30	3"	23	CX26
CX-36	4"	30	CX32
CR-28	4"	65	CR28
CT-22	3"	15	CT22

ICON SERIES—METAL DRUM BASES

Specifications:

Column: One piece 11 gauge cylinder on 15" and 18" Dia, four section construction on 20" and 24" Dia cylinders.

Top plate: Four 1" steel tabs

Glide: 1¼" round plastic

Height: 27¾"

Finish: Plated (chrome) or powder coat (colors). Hand polished prior to plating or powder coating. Initial polishing with 240 grit (dry), followed by 320 (dry), 360 (dry), finished with 360 (wet oil). Chrome plating is nickel and chrome; 15 minute immersion in nickel followed by 2 minute immersion in chrome. Powder coat finish is electrostatic application of industrial/commercial grade epoxy.

Cyl-15	15"	46	IC15
Cyl-18	18"	55	IC18
Cyl-20	20"	62	IC20
Cyl-24	24"	73	IC24

NEWPORT SERIES LEGS WITH TRIM RINGS

Specifications:

Column: 16 gauge steel tube

Top Plate: 6"x 6"x ¼" steel plate welded to column

Glide: 1½" round plastic

Height: 27¾"

Finish: Plated (chrome) or powder coat (colors). Trim rings are thermally molded polypropylene, 3¼" or 4¼" diameter, ¼" thick. Powder coat finish is electrostatic application of industrial/commercial grade epoxy.

No. Trim Rings	Column	Weight	Model No.	Per Base Price

2	3"	10	NL32	
3	3"	10	NL33	
1	4"	10	NL41	
2	4"	10	NL42	
3	4"	10	NL43	

SEMINAR/TRAINING TABLES:

ORDERING INFORMATION

- HLF Seminar/Training Tables are designed to function individually or in combination to form customized, configurable conference or seminar areas.
- Where tables are combined, abutting edges must be square or eased to ensure quality fit. Tables with bullnose edges may be customized to meet gang applications. Submit a plan view with your order, and edges which meet will be adapted to a 3/4" eased edge while all perimeter edges will be bullnosed.
- Specify SecureLock devices for firm attachment of adjoining table—one set typically required for each seam.
- A variety of grommet and wire management options allow customization of individual tables for specific applications.
- When ordering, specify edge style with model number— i.e., VTET 6024 (100)
- Refer to pages 8 and 9 for Standard T-Mould and PVC Colors:
- Wood Profiles and Species:

#400—1 1/4" bullnose	Oak, Mahogany and Maple are standard
#600—1/4" x 1 1/4" eased	Oak, Mahogany and Maple are standard
#700—3/4" x 1 1/4" eased	Oak, Mahogany and Maple are standard
- Standard Finishes/Stains: Standard pricing includes Light Oak (OAK-71), Medium Oak (OAK-73) and Ebony (OAK-55) on Oak; Mahogany (MAH-74) and Walnut (MAH-77) on Mahogany; and Maple (MPL-70) and Cherry (MPL-76) on Maple. Other than Walnut (MAH-77), these finishes are formulated to match our standard laminate colors of the same description; refer to Palette '95 swatch card for representative samples. Our Walnut finish (MAH-77) matches Formica 492 Gunstock Walnut.
- Custom Finishes/Stains: To match a finish other than our standards, please submit a sample of the desired color and add \$ net matching charge to your cost.
- Variations in color and texture: as wood is a natural material, it should be recognized that variations in color and texture may exist within and between pieces.

VICTOR SERIES — Metal Base Training Tables

GENERAL SPECIFICATIONS:

- All top surfaces are high pressure plastic laminate over 1 1/8" thick 45 lb. density three-ply industrial grade particle board.
- A phenolic impregnated balancing backer sheet is applied to the substrate simultaneous with the face sheet.
- A wide variety of edges are offered—self-edge, PVC, vinyl T-mould, eased and bullnose hardwood.
- Metal bases are powder coated 14-gauge tubular steel unless otherwise noted; standard colors are white, birch, platinum, pepperdust and black. Chrome plated bases are available for a \$ upcharge.
- Leveling glides included on all tables.
- All tables 29"h. Custom heights are available, consult factory.
- For in-between lengths use price of next largest size.
- For offset bases add \$.

BASE SPECIFICATIONS:

- Base: 2" outer diameter, 14 gauge tube
- Column: 2" outer diameter 14 gauge tube
- Top plate: Formed steel
- Glide: 1 1/4" Round plastic
- Height: 27 3/4"
- Finish: Plated (chrome) or powder coat (colors). Hand polished prior to plating or powder coating. Initial polishing with 240 grit (dry), followed by 320 (dry), 360 (dry), finished with 360 (wet oil). Chrome plating is nickel and chrome; 15 minute immersion in nickel followed by 2 minute immersion in chrome. Powder coat finish is electrostatic application of industrial/commercial grade epoxy.

SCHOLAR SERIES—Adjustable Height Training Tables with Cast Aluminum Base

GENERAL SPECIFICATIONS:

- All top surfaces are high pressure plastic laminate over 1 1/8" thick 45 lb. density three-ply industrial grade particle board.
- A phenolic impregnated balancing backer sheet is applied to the substrate simultaneous with the face sheet.
- A wide variety of edges are offered—self-edge, PVC, vinyl T-mould, eased and hardwood.
- Leveling glides included on all tables.
- All tables 29"h. Adjustable in 1" increments to 23"h. Custom heights are available, consult factory.
- For in-between lengths use price of next largest size.

BASE SPECIFICATIONS:

- Lower leg base: Cast aluminum
- Column: 1" x 3" 14 gauge steel tube
- Top plate: .187 steel flat plate
- Glide: 1 1/4" round plastic
- Height: Adjustable on 1" increments from 21 3/4" to 27 3/4" (add 1 1/4" for top thickness to determine finished table height)
- Finish: Lower base available in black wrinkle powder coat only. Upper leg column available in standard powder coat colors.

SEMINAR A LA CARTE:

ORDERING INFORMATION

- Our a la carte selection allows you to build your own seminar/training environment.
- Combine any shape top with the base of your choice and accessorize as needed to meet specific needs.
- Select from an expanded range of tops and bases.
- When ordering, specify edge style with model number— i.e., TRE 6024 (100)
- Standard T-Mould and PVC Colors are listed on pages 8 and 9.
- Wood Profiles and Species:

#400—1¼" bullnose	Oak, Mahogany and Maple are standard
#600—¼"x1¼" eased	Oak, Mahogany and Maple are standard
#700—¾"x1¼" eased	Oak, Mahogany and Maple are standard

- Standard Finishes/Stains: Standard pricing includes Light Oak (OAK-71), Medium Oak (OAK-73) and Ebony (OAK-55) on Oak; Mahogany (MAH-74) and Walnut (MAH-77) on Mahogany; and Maple (MPL-70) and Cherry (MPL-76) on Maple. Other than Walnut (MAH-77), these finishes are formulated to match our standard laminate colors of the same description; refer to Palette '95 swatch card for representative samples. Our Walnut finish (MAH-77) matches Formica 492 Gunstock Walnut.
- Custom Finishes/Stains: To match a finish other than our standards, please submit a sample of the desired color and add \$100 net matching charge to your cost.
- Variations in color and texture: As wood is a natural material, it should be recognized that variations in color and texture may exist within and between pieces.

SPECIAL USE TABLES

HLF Special Use Tables facilitate fulfillment of many essential needs in the office or institutional environment.

Need adjustability in a round or square meeting or cafeteria table? Three models of adjustable height tables offer adaptability from standard 29" AFF to 33" AFF (31¾" clear) wheelchair height, 42" bar height, and 20" nursery height with infinite adjustment in-between. Safe, forgiving urethane edges are offered as options in two profiles for each of these.

Our Scholar base brings wheelchair adaptability to rectangular tables, again offered with the urethane edge options in addition to our broad array of standard edges. Mobile variations of our Newport and Victor Series tables are available in a variety of configurations affording flexibility in the workplace for multi-tasking applications.

Our fully equipped training tables provide the ease of one item entry for a package that includes a Victor Series training table with modesty panel, grommeting, and end-to-end electrical and data management wiring.

Finally, the durability and impact resistance of cast urethane edges are blended with the today look of our Victor and Newport Series bases in several popular configurations.

If you don't find your special need addressed in this section, phone or fax your requirements. We can probably produce the unique table that will address that need.

TRAINING TABLES WITH POWERED MODESTY PANEL

The style of Victor Series bases coupled with five worksurface options and a Powered Modesty Panel bring electricity and data wiring to the surface.

The complete table includes worksurface with grommet, modesty panel, attachment brackets, T-box with electrical outlets and wire management trough.

The electrical and wire management system offered by the Powered Modesty Panel is a powerful tool used to bring electrical and communication components within easy reach of the worksurface.

The electrical package has eight wires and four circuits and includes a self-contained wire management section. Tables may be used individually or linked in series.

A Power Entry Kit (PEK) is used to attach the electrical component system to the building power. One Power Entry Kit is required for each set of tables wired in sequence. Consult local building code requirements regarding electrical specifications. A licensed electrician is required to attach the Power Entry Kit to the building power source. A ceiling Power Entry Kit (PEK-C 180) may require the use of a power pole or additional wire management device.

36" w and 48" w units have one worksurface grommet centered on the width; 60" w and 72" w units have two grommets, inset 15" and 18" from each end respectively.

Bases are standard powder coat finish. For chrome bases add \$.

OPTIONS

CONFERENCE/TRAINING SUPPORT FURNITURE:

GENERAL SERIES FEATURES

- The items in this section may be combined with HLF Conference and Training Tables to complete a conference or training environment.
- Edge treatments parallel those of our conference and training tables—self-edge, eased hardwood, hardwood bullnose, and traditional.
- All units are constructed of high pressure plastic laminate over industrial grade particle board of 45lb. density.
- Leveling glides are incorporated on all free-standing units.
- Hardwood edges, where listed, may be ordered in Oak, Mahogany, or Maple.

Note: Additional pieces for conference and training room applications may be found in our Modular Office Furniture Price List on pages 89 through 99. There you will find pricing and specifications for bookcases, wall units, wardrobes, tall storage cabinets and commercial cabinetry.

ORDERING INFORMATION

- Wood Profiles and Species:

#400—1¼" bullnose	Oak, Mahogany and Maple are standard
#401—2¾" bullnose	Other species—consult factory for availability and pricing
#500—1¼" traditional	Mahogany only
#600—¼" x 1¼" eased	Oak, Mahogany and Maple are standard
#601—¼" x 2¾" eased	Other species—consult factory for availability and pricing
#700—¾" x 1¼" eased	Oak, Mahogany and Maple are standard
#701—¾" x 2¾" eased	Other species—consult factory for availability and pricing
- Available standard wood finishes are Light Oak (OAK-71), Medium Oak (OAK-73), and Ebony (OAK-55) on Oak; Mahogany (MAH-74) and Walnut (MAH-77) on Mahogany; and Maple (MPL-70) and Cherry (MPL-76) on Maple. Other than Walnut (MAH-77), these finishes are formulated to match our standard laminates of the same description; refer to Palette '95 Swatch Card for representative samples. Our Walnut finish (MAH-77) matches Formica 492 Gunstock Walnut.
- Custom stains and finishes are available to match your specification. Whether ordering one or several pieces with custom edge stains, a single \$ net per order matching charge will apply. Please submit a sample of the desired color with your order.
- Variations in color and texture: As wood is a natural material, it should be recognized that variations in color and texture may exist within and between pieces.

TABLE SEATING CAPACITY:

GENERAL GUIDELINES

Seating capacity is based on 30 inches per person. Actual space needed varies depending on chair width and tasks to be performed, e.g., conference room seating would require less space per person than technical classroom seating, where each person would need room for a computer and paperwork.

SINGLE TABLES

Use the 30"-per-person guideline to estimate table capacity. For example:

A 60" x 36" rectangle table seats 6.

A 48" dia. round table seats 5:
 Dia. x π (3.14) = circumference.
 $48 \times 3.14 = 151"$; $151 \div 30 = 5$.

Rule of thumb: for rectangle, boat, racetrack and oval tables, the length in feet approximately equals the number of people that can be seated. For example, a boatshaped table 144" (12 feet) long seats 12 people.

MULTIPLE TABLES

When ganging tables, use the 30"-per-person guideline to estimate capacity. For example:

Two 30" x 60" rectangle tables are ganged with four 30" x 72" rectangle tables as shown. Add up the sides and divide by 30 to get the capacity of 18 people.

Two 24" x 48" rectangles are ganged with four 24" x 48" quarter circle tops as shown. Again, add up the sides and divide by 30 to get the seating capacity: $96 \times 3.14 = 301$. $301 + 48 + 48 = 397$. $397 \div 30 = 13.2$. Capacity is approximately 13 people.

CAPACITY BASED ON ROOM USAGE:

Room size	Theatre 10 sq ft/person	Classroom 20 sq ft/person	Boardroom 30 sq ft/person
20' x 20'	40	20	13
20' x 40'	80	40	26
30' x 30'	90	45	30
30' x 40'	120	60	40
30' x 50'	150	75	50
40' x 40'	160	80	53
40' x 50'	200	100	66
50' x 50'	250	125	83

TRAINING ROOM SPACING GUIDELINES:

General spacing

4 feet between each row of tables

2½ feet between each participant

8–10 feet from the instructional wall to the first row of tables

Center aisle

Under 100 people: 4–5 foot wide center aisle

100–200 people: 6 foot wide center aisles

Over 200 people: 8 foot wide center aisles

Space to rear wall

Under 50 people: 7 feet between rear wall and tables

50–100 people: 8 feet between rear wall and tables

100–200 people: 10 feet between rear wall and tables

Over 200 people: 12 feet between rear wall and tables

Space to side walls

Under 200 people: 4–6 feet between side wall and tables

Over 200 people: 8 feet between side wall and tables
