# ARCHITECTURAL MILLWORK & FURNITURE

Architectural Millwork is ready-made and especially fabricated to meet the specifications for a particular job. Millwork is the process of producing various types of woodwork, either customized or mass-produced, for practical and aesthetic purposes. HLF Furniture excels at this, evident by our past experiences and skilled staff.

# SERVICES

## CONCEPT DESIGN

Bring us your project, whether it's a set of completed architectural drawings or a concept drawing. We will review the details and make sure we have the information required to correctly move to the budget stage.

## BUDGET

We will provide you a preliminary budget or complete quote.

## PROJECT MANAGEMENT

We will provide you any information you need to give your client a complete understanding of the scope of the project. At this point, a purchase order may be sent to HLF. Once that has been completed, an acknowledgment will be sent outlining pricing and scope of the project. Estimated lead times will be provided along with shop drawings.

## MANUFACTURING

After approval of shop drawings, a final manufacturing schedule will be approved, and the product will be produced.

## SHIPPING

Shipping can be arranged to a warehouse facility or directly to the jobsite if the jobsite has the ability to accept trucking requirements.

## INSTALLATION

HLF has an approved set of dealers throughout the country with well-trained installers who are experienced HLF product installers.
