## SPECIFICATIONS

\*\* \$75 Shipping Surcharge per Butcher Block Order.

\*\* The 1.75" Industrial Tops have a more rustic look with more butt joints and character than the 1.5" thick tops.

### MATERIAL

Solid Wood, Clear Pre-finished

All Butcher Block Tops are natural, solid wood electronically bonded together utilizing controlled pressure and resin adhesives, accurately planed, sanded, and finished with DuraKryl 102 coating. This tough, non-toxic coating will repel alcohol, bleach, even paint thinner. And best of all, after years of hard wear and tear, without any special tools or particular skill, you can resurface or repair your tops and make them look like new again.
